

Medical Radiation Practice Board of Australia

Registration Migration Matrix - diagnostic radiography, radiation therapy and nuclear medicine

State/Territory & Division	Item #	State/Territory legislation	Types of registration under State/Territory Law (migration from)	Type of registration under National Law (migration to)
ACT Diagnostic radiography	1	Health Professions Regulation 2004 Reg. 113 (1)(a)	Persons granted 'registration unconditionally' as a diagnostic radiographer	General registration as a diagnostic radiographer
	2	Health Professions Regulation 2004 Reg. 113 (1)(b)	Persons granted 'conditional registration' as a diagnostic radiographer	General registration (with conditions) as a diagnostic radiographer
	3	Health Professions Regulation 2004 Schedule 15.11 (1)&(2)	Persons granted 'conditional registration' as a <u>graduate</u> diagnostic radiographer, to undertake further education and/or undergo a period of practice under supervision	Provisional registration as a diagnostic radiographer with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> '
	4	Health Professions Regulation 2004 Section 37 (5)(b) & Schedule 15.18	Persons granted 'conditional registration' as a diagnostic radiographer, not currently undertaking any form of practise	Non practising registration as a diagnostic radiographer with the standard notation ' <i>Must not undertake any form of clinical practice</i> '
ACT Radiation therapy	5	Health Professions Regulation 2004 Reg. 113 (1)(a)	Persons granted 'registration unconditionally' as a radiation therapist	General registration as a radiation therapist
	6	Health Professions Regulation 2004 Reg. 113 (1)(b)	Persons granted 'conditional registration' as a radiation therapist	General registration (with conditions) as a radiation therapist
	7	Health Professions Regulation 2004 Schedule 15.11 (1)&(2)	Persons granted 'conditional registration' as a <u>graduate</u> radiation therapist, to undertake further education and/or undergo a period of practice under supervision.	Provisional registration as a radiation therapist with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> '
	8	Health Professions Regulation 2004 Section 37 (5)(b) & Schedule 15.18	Persons granted 'conditional registration' as a radiation therapist, not currently undertaking any form of practise	Non practising registration as a radiation therapist with the standard notation ' <i>Must not undertake any form of clinical practice</i> '

ACT Nuclear Medicine	9	Health Professions Regulation 2004 Reg. 113 (1)(a)	Persons granted 'registration unconditionally' as a nuclear medicine scientist	General registration as a nuclear medicine technologist
	10	Health Professions Regulation 2004 Reg. 113 (1)(b)	Persons granted 'conditional registration' as a nuclear medicine scientist	General registration (with conditions) as a nuclear medicine technologist
	11	Health Professions Regulation 2004 Schedule 15.11 (1)&(2)	Persons granted 'conditional registration' as a <u>graduate</u> nuclear medicine scientist, to undertake further education and/or undergo a period of practice under supervision.	Provisional registration as a nuclear medicine technologist with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> '
	12	Health Professions Regulation 2004 Section 37 (5)(b) & Schedule 15.18	Persons granted 'conditional registration' as a nuclear medicine scientist, not currently undertaking any form of practise	Non practising registration as a nuclear medicine technologist with the standard notation ' <i>Must not undertake any form of clinical practice</i> '
NT Diagnostic radiography	13	Health Practitioners Act (as in force at 1 July 2010) s.27	Persons granted 'unconditional registration' as a radiographer	General registration as a diagnostic radiographer
	14	Health Practitioners Act (as in force at 1 July 2010) s.27	Persons granted 'registration subject to conditions' as a radiographer	General registration as a diagnostic radiographer (with conditions)
	15	Health Practitioners Act (as in force at 1 July 2010) s.27	Persons granted 'registration subject to conditions' as a radiographer (those registrants under taking a professional development year)	Provisional registration as a diagnostic radiographer with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> '
	16	Health Practitioners Act (as in force at 1 July 2010) s.23	Persons granted 'interim registration' as a radiographer (awaiting Board consideration)	General registration as a diagnostic radiographer with the condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
NT Radiation Therapy	17	Health Practitioners Act (as in force at 1 July 2010) s.27	Persons granted 'unconditional registration' as a radiographer (<i>and currently practising in the area of radiation therapy</i>)	General registration as a radiation therapist
	18	Health Practitioners Act (as in force at 1 July 2010) s.27	Persons granted 'registration subject to conditions' as a radiographer (<i>and currently practising in the area of radiation therapy</i>)	General registration as a radiation therapist (with conditions)
	19	Health Practitioners Act (as in force at 1 July 2010) s.27	Persons granted 'registration subject to conditions' as a radiographer (those registrants under taking a professional development year) (<i>and currently practising in the area of radiation therapy</i>)	Provisional registration as a radiation therapist with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> '
	20	Health Practitioners Act (as in force at 1 July 2010) s.23	Persons granted 'interim registration' as a radiographer (awaiting Board consideration) (<i>and currently practising in the area of radiation therapy</i>)	General registration as a radiation therapist with the conditions ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
QLD Diagnostic radiography	21	Medical Radiation Technologists Registration Act 2001 s. 51	Persons granted 'general registration' as a Medical Imaging Technologist	General registration as a diagnostic radiographer
	22	Medical Radiation Technologists Registration Act 2001 s. 57	Persons granted 'general registration' as a Medical Imaging Technologist with probationary conditions	General registration as a Nuclear Medicine Technologist with the standard condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program.</i> '

	23	Medical Radiation Technologists Registration Act 2001 s. 59	Persons granted 'general registration' as a Medical Imaging Technologist with other conditions	General registration (with conditions) as a diagnostic radiographer
	24	Medical Radiation Technologists Registration Act 2001 s.64(2) and s64(3)	Persons granted 'provisional general registration with probationary conditions' as a Medical Imaging Technologist (awaiting a meeting of the board).	General registration as a diagnostic radiographer with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	25	Medical Radiation Technologists Registration Act 2001 s.64(4)(a) and s64(5)	Persons granted 'provisional general registration with probationary conditions' as a Medical Imaging Technologist (awaiting further evidence of qualification)	General registration as a diagnostic radiographer with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program.</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	26	Medical Radiation Technologists Registration Act 2001 s.64(4)(b) and s64(5)	Persons granted 'provisional general registration with probationary conditions' as a Medical Imaging Technologist (awaiting awarding of qualifications)	General registration as a diagnostic radiographer with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	27	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.119	Persons granted 'special purpose registration' as a Medical Imaging Technologist to study or train at postgraduate level	Limited registration (post graduate training or supervised practice) as a diagnostic radiographer with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> '
	28	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to study or train at postgraduate level (awaiting a meeting of the board)	Limited registration (post graduate training or supervised practice) as a diagnostic radiographer with the standard conditions ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	29	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to study or train at postgraduate level (awaiting further evidence of qualification)	Limited registration (post graduate training or supervised practice) as a diagnostic radiographer with the standard conditions ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	30	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to study or train at postgraduate level (awaiting awarding of qualification)	Limited registration (post graduate training or supervised practice) as a diagnostic radiographer with the standard conditions ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	31	Medical Radiation Technologists Registration Act 2001 s.114(b) and s119	Persons granted 'special purpose registration' as a Medical Imaging Technologist to teach	Limited registration (teaching or research) as a diagnostic radiographer with the standard condition ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> '.
	32	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to teach (awaiting a meeting of the board)	Limited registration (teaching or research) as a diagnostic radiographer with the standard condition ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> '
	33	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to teach (awaiting further evidence of qualification)	Limited registration (teaching or research) as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '

	34	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to teach (awaiting awarding of qualification)	Limited registration (teaching or research) as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	35	Medical Radiation Technologists Registration Act 2001 s.114(c) & s.119	Persons granted 'special purpose registration' as a Medical Imaging Technologist to engage in research	Limited registration (teaching or research) as a diagnostic radiographer with the standard condition ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> '
	36	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to engage in research (awaiting a meeting of the board)	Limited registration (teaching or research) as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	37	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to engage in research (awaiting further evidence of qualification)	Limited registration (teaching or research) as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	38	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to engage in research (awaiting awarding of qualification)	Limited registration (teaching or research) as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	39	Medical Radiation Technologists Registration Act 2001 s.114(d) & s.119	Persons granted 'special purpose registration' as a Medical Imaging Technologist to give clinical demonstrations	Limited registration in the public interest as a diagnostic radiographer with the standard condition ' <i>Limited to practice in a clinical demonstration role under arrangements approved by the Board</i> '
	40	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to give clinical demonstrations (awaiting a meeting of the board)	Limited registration (public interest) as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	41	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to give clinical demonstrations (awaiting further evidence of qualification)	Limited registration in the public interest as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	42	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a Medical Imaging Technologist to give clinical demonstrations (awaiting awarding of qualification)	Limited registration in the public interest as a diagnostic radiographer with the standard conditions ' <i>Limited to practice in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
QLD Radiation therapy	43	Medical Radiation Technologists Registration Act 2001 s. 51	Persons granted 'general registration' as a radiation therapist	General registration as a radiation therapist
	44	Medical Radiation Technologists Registration Act 2001 s. 57	Persons granted 'general registration' as a radiation therapist with probationary conditions	General registration as a radiation therapist with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program.</i> '
	45	Medical Radiation Technologists Registration Act 2001 s. 59	Persons granted 'general registration' as a radiation therapist with other conditions	General registration (with conditions) as a radiation therapist

	46	Medical Radiation Technologists Registration Act 2001 s.64(2) and s64(3)	Persons granted 'provisional general registration with probationary conditions' as a radiation therapist (awaiting a meeting of the board).	General registration as a radiation therapist with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	47	Medical Radiation Technologists Registration Act 2001 s.64(4)(a) and s64(5)	Persons granted 'provisional general registration with probationary conditions' as a radiation therapist (awaiting further evidence of qualification)	General registration as a radiation therapist with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	48	Medical Radiation Technologists Registration Act 2001 s.64(4)(b) and s64(5)	Persons granted 'provisional general registration with probationary conditions' as a radiation therapist (awaiting awarding of qualifications)	General registration as a radiation therapist with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	49	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.119	Persons granted 'special purpose registration' as a radiation therapist to study or train at postgraduate level	Limited registration (post graduate training or supervised practice) as a radiation therapist with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> '
	50	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a radiation therapist to study or train at postgraduate level (awaiting a meeting of the board)	Limited registration (post graduate training or supervised practice) as a radiation therapist with the standard conditions ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	52	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to study or train at postgraduate level (awaiting further evidence of qualification)	Limited registration (post graduate training or supervised practice) as a radiation therapist with the standard conditions ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	53	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to study or train at postgraduate level (awaiting awarding of qualification)	Limited registration (post graduate training or supervised practice) as a radiation therapist with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	54	Medical Radiation Technologists Registration Act 2001 s.114(b) and s119	Persons granted 'special purpose registration' as a radiation therapist to teach	Limited registration (teaching or research) as a radiation therapist with the standard condition ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> '
	55	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a radiation therapist to teach (awaiting a meeting of the board)	Limited registration (teaching or research) as a radiation therapist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	56	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to teach (awaiting further evidence of qualification)	Limited registration (teaching or research) as a radiation therapist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '

	57	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to teach (awaiting awarding of qualification)	Limited registration (teaching or research) as a radiation therapist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	58	Medical Radiation Technologists Registration Act 2001 s.114(c) & s.119	Persons granted 'special purpose registration' as a radiation therapist to engage in research	Limited registration (teaching or research) as a radiation therapist with the standard condition ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> '
	59	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a radiation therapist to engage in research (awaiting a meeting of the board)	Limited registration (teaching or research) as a radiation therapist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	60	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to engage in research (awaiting further evidence of qualification)	Limited registration (teaching or research) as a radiation therapist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	61	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to engage in research (awaiting awarding of qualification)	Limited registration (teaching or research) as a radiation therapist with the standard condition ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	62	Medical Radiation Technologists Registration Act 2001 s.114(d) & s.119	Persons granted 'special purpose registration' as a radiation therapist to give clinical demonstrations	Limited registration in the public interest as a radiation therapist with the standard condition ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> '
	63	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a radiation therapist to give clinical demonstrations (awaiting a meeting of the board)	Limited registration in the public interest as a radiation therapist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	64	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to give clinical demonstrations (awaiting further evidence of qualification)	Limited registration in the public interest as a radiation therapist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	65	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a radiation therapist to give clinical demonstrations (awaiting awarding of qualification)	Limited registration in the public interest as a radiation therapist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
QLD Nuclear medicine technology	66	Medical Radiation Technologists Registration Act 2001 s. 51	Persons granted 'general registration' as a nuclear medicine technologist	General registration as a nuclear medicine technologist
	67	Medical Radiation Technologists Registration Act 2001 s. 57	Persons granted 'general registration' as a nuclear medicine technologist with probationary conditions	General registration as a nuclear medicine technologist with the condition ' <i>Limited to practice only in accordance with a Board approved supervised practice program.</i> '
	68	Medical Radiation Technologists Registration Act 2001 s. 59	Persons granted 'general registration' as a nuclear medicine technologist with other conditions	General registration (with conditions) as a nuclear medicine technologist

	69	Medical Radiation Technologists Registration Act 2001 s.64(2) and s64(3)	Persons granted 'provisional general registration with probationary conditions' as a nuclear medicine technologist (awaiting a meeting of the board).	General registration as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	70	Medical Radiation Technologists Registration Act 2001 s.64(4)(a) and s64(5)	Persons granted 'provisional general registration with probationary conditions' as a nuclear medicine technologist (awaiting further evidence of qualification)	General registration as a nuclear medicine technologist with the conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	71	Medical Radiation Technologists Registration Act 2001 s.64(4)(b) and s64(5)	Persons granted 'provisional general registration with probationary conditions' as a nuclear medicine technologist (awaiting awarding of qualifications)	General registration as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in accordance with a Board approved supervised practice program</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	72	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.119	Persons granted 'special purpose registration' as a nuclear medicine technologist to study or train at postgraduate level	Limited registration (post graduate training or supervised practice) as a nuclear medicine technologist with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> '
	73	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to study or train at postgraduate level (awaiting a meeting of the board)	Limited registration (post graduate training or supervised practice) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	74	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to study or train at postgraduate level (awaiting further evidence of qualification)	Limited registration (post graduate training or supervised practice) as a nuclear medicine technologist with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	75	Medical Radiation Technologists Registration Act 2001 s.114(a) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to study or train at postgraduate level (awaiting awarding of qualification)	Limited registration (post graduate training or supervised practice) as a nuclear medicine technologist with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	76	Medical Radiation Technologists Registration Act 2001 s.114(b) and s119.	Persons granted 'special purpose registration' as a nuclear medicine technologist to teach	Limited registration (teaching or research) as a nuclear medicine technologist with the standard condition ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> '
	77	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to teach (awaiting a meeting of the board)	Limited registration (teaching or research) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	78	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to teach (awaiting further evidence of qualification)	Limited registration (teaching or research) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '

	79	Medical Radiation Technologists Registration Act 2001 s.114(b) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to teach (awaiting awarding of qualification)	Limited registration (teaching or research) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	80	Medical Radiation Technologists Registration Act 2001 s.114(c) & s.119	Persons granted 'special purpose registration' as a nuclear medicine technologist to engage in research	Limited registration (teaching or research) as a nuclear medicine technologist with the standard condition ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> '
	81	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to engage in research (awaiting a meeting of the board)	Limited registration (teaching or research) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	82	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to engage in research (awaiting further evidence of qualification)	Limited registration (teaching or research) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	83	Medical Radiation Technologists Registration Act 2001 s.114(c) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to engage in research (awaiting awarding of qualification)	Limited registration (teaching or research) as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	84	Medical Radiation Technologists Registration Act 2001 s.114(d) & s.119	Persons granted 'special purpose registration' as a nuclear medicine technologist to give clinical demonstrations	Limited registration in the public interest as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> '.
	85	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(1) and (2)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to give clinical demonstrations (awaiting a meeting of the board)	Limited registration in the public interest as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	86	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(3)(a) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to give clinical demonstrations (awaiting further evidence of qualification)	Limited registration in the public interest as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>Registrant must provide further evidence of their qualification to the Board by (insert date)</i> '
	87	Medical Radiation Technologists Registration Act 2001 s.114(d) and s.122(3)(b) & s.122(4)	Persons granted 'provisional special purpose registration' as a nuclear medicine technologist to give clinical demonstrations (awaiting awarding of qualification)	Limited registration in the public interest as a nuclear medicine technologist with the standard conditions ' <i>Limited to practice only in a clinical demonstration role under arrangements approved by the Board</i> ' and ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
TAS Diagnostic radiography	88	Medical Radiation Science Professionals Registration Act 2000 s.25 (2)	Persons granted 'unconditional registration' as a diagnostic radiographer	General registration as a diagnostic radiographer
	89	Medical Radiation Science Professionals Registration Act 2000 s.25 (2)	Persons granted 'registration subject to conditions' as a diagnostic radiographer	General registration (with conditions) as a diagnostic radiographer

	90	Medical Radiation Science Professionals Registration Act 2000 s.22 (2)	Persons granted 'unconditional interim registration' as a diagnostic radiographer (awaiting Board consideration)	General registration as a diagnostic radiographer with the condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	91	Medical Radiation Science Professionals Registration Act 2000 s.22 (2)	Persons granted 'interim registration subject to conditions' as a diagnostic radiographer (awaiting Board consideration)	General registration as a diagnostic radiographer with individual conditions and with the standard condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
TAS Radiation therapy	92	Medical Radiation Science Professionals Registration Act 2000 s.25 (2)	Persons granted 'unconditional registration' as a radiation therapist	General registration as a radiation therapist
	93	Medical Radiation Science Professionals Registration Act 2000 s.25 (2)	Persons granted 'registration subject to conditions' as a radiation therapist	General registration (with conditions) as a radiation therapist
	94	Medical Radiation Science Professionals Registration Act 2000 s.22 (2)	Persons granted 'unconditional interim registration' as a radiation therapist (awaiting Board consideration)	General registration as a radiation therapist with the condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	95	Medical Radiation Science Professionals Registration Act 2000 s.22 (2)	Persons granted 'interim registration subject to conditions' as a radiation therapist (awaiting Board consideration)	General registration as a radiation therapist with individual conditions and with the standard condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
TAS Nuclear medicine technology	96	Medical Radiation Science Professionals Registration Act 2000 s.25 (2)	Persons granted 'unconditional registration' as a nuclear medicine technologist	General registration as a nuclear medicine technologist
	97	Medical Radiation Science Professionals Registration Act 2000 s.25 (2)	Persons granted 'registration subject to conditions' as a nuclear medicine technologist	General registration (with conditions) as a nuclear medicine technologist
	98	Medical Radiation Science Professionals Registration Act 2000 s.22 (2)	Persons granted 'unconditional interim registration' as a nuclear medicine technologist (awaiting Board consideration)	General registration as a nuclear medicine technologist with the condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
	99	Medical Radiation Science Professionals Registration Act 2000 s.22 (2)	Persons granted 'interim registration subject to conditions' as a nuclear medicine technologist (awaiting Board consideration)	General registration as a nuclear medicine technologist with individual conditions and with the standard condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '
VIC Diagnostic radiography	100	Health Professions Registration Act 2005 s.6	Persons granted 'general registration' as a radiographer	General registration as a diagnostic radiographer
	101	Health Professions Registration Act 2005 s.7 (1)(a)	Persons granted 'specific registration' as a radiographer to fill a teaching or research position	<i>Limited registration (teaching or research) as a diagnostic radiographer with the standard condition 'Limited to practice only in a teaching or research position under arrangements approved by the Board'</i>
	102	Health Professions Registration Act 2005 s.7 (1)(b)	Persons granted 'specific registration' as a radiographer to enable an overseas applicant to exchange practice or provide locum services	Limited registration (public interest) as a diagnostic radiographer with the condition ' <i>Limited to practice only to exchange practice or provide locum services under arrangements approved by the Board'</i>
	103	Health Professions Registration Act 2005 s.7 (1)(c)	Persons granted 'specific registration' as a radiographer to meet an identified need	Limited registration (public interest) as a diagnostic radiographer with the standard condition ' <i>Limited to practise only under arrangements approved by the Board'</i>

	104	Health Professions Registration Act 2005 s.7 (1)(d)	Persons granted 'specific registration' as a radiographer to undertake supervised practice or training or undertake training for an examination	Limited registration (post graduate training or supervised practice) as a diagnostic radiographer with the standard condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> '
	105	Health Professions Registration Act 2005 s.7 (1)(e)	Persons granted 'specific registration' as a radiographer to undertake limited practice	Limited registration (public interest) as a diagnostic radiographer with the condition ' <i>Limited to practise only under arrangements approved by the Board</i> '.
	106	Health Professions Registration Act 2005 s.9	Persons granted 'provisional registration' as a radiographer (to complete a period of supervised practice)	Provisional registration as a diagnostic radiographer with the condition ' <i>Limited to practise only in accordance with a Board approved supervised practice program</i> '
	107	Health Professions Registration Act 2005 s.10 (1)(a)	Persons granted 'interim registration' as a radiographer (awaiting Board consideration)	General registration as a diagnostic radiographer with the standard condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	108	Health Professions Registration Act 2005 s.10 (1)(b)	Persons granted 'interim registration' as a radiographer (awaiting documentary evidence of qualification)	General registration as a diagnostic radiographer with the condition ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	109	Health Professions Registration Act 2005 s.11	Persons granted 'non-practising registration' as a radiographer	Non-practising registration as a diagnostic radiographer with the standard notation ' <i>Must not undertake any form of clinical practice</i> '
VIC Radiation therapy	110	Health Professions Registration Act 2005 s.6	Persons granted 'general registration' as an radiation therapist	General registration as a radiation therapist
	111	Health Professions Registration Act 2005 s.7 (1)(a)	Persons granted 'specific registration' as an radiation therapist to fill a teaching or research position	Limited registration (teaching or research) as a radiation therapist with the standard condition ' <i>Limited to practise only in a teaching or research position under arrangements approved by the Board</i> '
	112	Health Professions Registration Act 2005 s.7 (1)(b)	Persons granted 'specific registration' as an radiation therapist to enable an overseas applicant to exchange practice or provide locum services	Limited registration (public interest) as a radiation therapist with the condition ' <i>Limited to practise only to exchange practice or provide locum services under arrangements approved by the Board</i> '
	113	Health Professions Registration Act 2005 s.7 (1)(c)	Persons granted 'specific registration' as a radiation therapist to meet an identified need	Limited registration (public interest) as a radiation therapist with the standard condition ' <i>Limited to practise only under arrangements approved by the Board</i> '
	114	Health Professions Registration Act 2005 s.7 (1)(d)	Persons granted 'specific registration' as an radiation therapist to undertake supervised practice or training or undertake training for an examination	Limited registration (post graduate training/supervised practice) as a radiation therapist with the condition ' <i>Limited to practise only in a postgraduate training or supervised practice position under supervision arrangements approved by the Board</i> '
	115	Health Professions Registration Act 2005 s.7 (1)(e)	Persons granted 'specific registration' as an radiation therapist to undertake limited practice	Limited registration (public interest) as a radiation therapist with the condition ' <i>Limited to practise only under arrangements approved by the Board</i> '
	116	Health Professions Registration Act 2005 s.9	Persons granted 'provisional registration' as an radiation therapist (to complete a period of supervised practice)	Provisional registration as a radiation therapist with the condition ' <i>Limited to practise only in accordance with a Board approved supervised practice program</i> '
	117	Health Professions Registration Act 2005 s.10 (1)(a)	Persons granted 'interim registration' as a radiation therapist (awaiting Board consideration)	General registration as a radiation therapist with the standard condition ' <i>The Registrant must meet the requirements of the Board by (insert date)</i> '.
	118	Health Professions Registration Act 2005 s.10 (1)(b)	Persons granted 'interim registration' as a radiation therapist (awaiting documentary evidence of qualification)	General registration as a radiation therapist with the condition ' <i>Registrant must provide evidence of their qualification to the Board by (insert date)</i> '
	119	Health Professions Registration Act 2005 s.11	Persons granted 'non practising registration' as a radiation therapist	Non-practising registration as a radiation therapist with the standard notation ' <i>Must not undertake any form of clinical practice</i> '
VIC Nuclear medicine	120	Health Professions Registration Act 2005 s.6	Persons granted 'general registration' as a nuclear medicine technologist	General registration as a nuclear medicine technologist

technology				
	121	Health Professions Registration Act 2005 s.7 (1)(a)	Persons granted 'specific registration' as a nuclear medicine technologist to fill a teaching or research position	Limited registration (teaching or research) as a nuclear medicine technologist with the standard condition ' <i>Limited to practice only in a teaching or research position under arrangements approved by the Board</i> '.
