

Via Email 5/10/2011

To whom it may concern,

Thankyou for the opportunity to provide feedback on the draft mandatory registration standards and board proposals.

Re Schedule1: Qualifications considered adequate by the Medical Radiation Practice Board of Australia for the purpose of practising the profession.

Some of the programs from the South Australian Institute of Technology (SAIT) and University of South Australia (UniSA) were incomplete or incorrect.

Please find attached a document listing the SAIT/UniSA Medical Radiation Qualifications from 1962 to 2011 for consideration for inclusion.

Kind regards,

T. Albrecht

Contents of attachment:

#### UniSA/SAIT Medical Radiation Qualifications 1962-2011

SAIT	Radiography Certificate
SAIT	Radiotherapy Certificate
SAIT	Advanced Diagnostic Radiography Certificate
SAIT	Advanced Therapeutic Radiography Certificate
SAIT	Associate Diploma in Radiological Technology – (Radiography/ Radiotherapy/ Nuclear Medicine)
SAIT	Diploma of Applied Science (Diagnostic Radiography/Nuclear Medicine/Radiation Therapy)
UniSA	Bachelor of Applied Science in Medical Radiations (Diagnostic Radiography/Nuclear Medicine/Radiation Therapy) (IBMR)
UniSA	Bachelor of Medical Radiation (Diagnostic Radiography/Nuclear Medicine/Radiation Therapy) (IBMI)
UniSA	Bachelor of Medical Radiation (Honours) (IHMI)
UniSA	Bachelor of Medical Radiation Science (Medical Imaging /Radiation Therapy/Nuclear Medicine)(IBRS)
