## Introduction

The role of the Medical Radiation Practice Board of Australia (the Board) is to:

- register medical radiation practitioners and students
- develop standards, codes and guidelines for the medical radiation profession
- investigate notifications and complaints
- where necessary, conduct panel hearings and refer serious matters to Tribunal hearings
- oversee the assessment of overseas trained practitioners who wish to practise in Australia, and
- approve accreditation standards and accredited courses of study.

The Board's functions are supported by the [Australian Health Practitioner Regulation Agency](#) (AHPRA). For information about legislation governing our operations see [About AHPRA](#) at [www.ahpra.gov.au/About-AHPRA/What-We-Do/Legislation.aspx](http://www.ahpra.gov.au/About-AHPRA/What-We-Do/Legislation.aspx).

The Board has analysed its registration data and produced a number of statistical breakdowns about registrants to share with the profession and community. The Board shares these breakdowns regularly.

For more information on medical radiation practitioner registration, please see the Board's website: [www.medicalradiationpracticeboard.gov.au/Registration.aspx](http://www.medicalradiationpracticeboard.gov.au/Registration.aspx)
